when the clouds of doubt rain down on you and test every-thing you thought you knew now you final-ly see what God can do for you.

So to night close your eyes there's no more need to fight watch God pro-vide.

it's hard to say when there's no food to
eat or what you see is all that life will be and will this

be a-not-her year of mi-se-ry for me. But my faith
can't sur-vive on just things I see and my feel-ings can't con-trol my
des-ti-ny see God I on-ly want what You be-lieve for me. So to
vide. He will pro-vide be-before your eyes
